October Newsletter

IN THIS ISSUE

Check out our latest community updates in this month's newsletter. Inside, you'll find a message from our Executive Director, important dates to remember, and photos of residents engaging in activities.

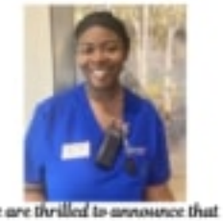
Read on to find out more!

A Letter from Executive Director:

As we welcome cooler weather in October, we also look forward to introducing our new therapy program, Regentra, to our families and residents at our event on October 22, 2026, 4:30-6:30. Please join us as we celebrate Fall and introduce everyone to this wonderful opportunity that will be available to our residents. REGENTRA is redefining senior living and memory care through innovative, science-backed practices that strengthen cognitive health, enrich daily life, and promote whole-person wellness – empowering older adults to thrive in mind, body, and spirit.

Stay tuned for more information. Please RSVP to Laurie Jordan at laurie.jordan@yourlifesl.net. We would love to have you join us.

Employee Spotlight Congratulations:



We are thrilled to announce that Kayla is our Employee of the Month! Kayla who works as our exceptional Nurse at the community, always goes above and beyond. We are truly grateful to have Kayla as part of our team!

ENGAGEMENT HIGHLIGHTS

Keeping up with YOURLife: Community Relations Director, Lacey Brown

YOURLife® Senior Living has taken another step toward providing the highest level of memory care support to their residents. In an effort to continue to reduce falls, elopement and to provide excellent care to our memory care residents, YOURLife® is now providing overnight motion sensor detection through a partnership with EyeWatch Live®. This state-of-the-art equipment is monitored by EyeWatch Live® trained nursing staff. They provide additional support to local community care staff by communicating immediate needs. They can get to an individuals room at the first sign of an unsafe transfer or attempt to leave their bed without assistance, reducing fall risks, wandering and elopement. If you are interested in this program for your loved one, please contact the community for more information.
